CAMPER

COMPANY PROFILE

Coromal Caravans commenced building caravans in Western Australia in 1977 and over the years have become one of the most recognised caravans in Australia. Coromal manufactures a complete range of products including Camper trailers, Pop-top Caravans and Full Size Caravans and is Western Australia's largest caravan manufacturer and one of the largest in Australia.

Coromal are renowned for their towing ability as all of the range is fitted with a fully independent suspension. A bonded and riveted aluminium frame is also a feature of all models and this has proven highly successful when subjected to the harsh conditions experienced in the North West of Australia.

Overall Coromal is renowned for building a quality product distinctively different to those of it's peers.

Our goal is to produce a range of quality recreational vehicles that exceeds our customer's expectations whilst satisfying their needs.

The Pioneer range is designed to travel on and off sealed roads. They are not however designed to travel over all terrain. Traveling over rough, rocky, jagged, pinnacled or pot holed surfaces may amount to misuse or driver neglect. Any damage occurring as a result is excluded from the manufacturers warranty. Common sense should prevail in those conditions.
